

Winging Northward

A Shorebird's Journey

Electronic Field Trip

May 8th, 2002 1:00-2:30pm Eastern Time

Student

We will investigate these questions on our electronic journey.

1. How are shorebirds adapted for wetland habitats?

2. How do shorebirds prepare for their long migratory journeys?

3. Why is a healthy chain of wetlands important to shorebird migration?

4. How can I become involved in protecting shorebirds and their wetland environments?
